

**didBOX™ is Europe's leading driver identification and access control system for forklift trucks.**

---

**7 reasons** why **didBOX™** will help you keep control of your fleet:

- 1.** Limits equipment access to approved drivers only
- 2.** Records and measures equipment usage, by operator, date and time
- 3.** No expensive software or license required
- 4.** Integrates easily with simple spreadsheets
- 5.** Low setup and running costs
- 6.** Safeguards your Health & Safety record
- 7.** Saves you money!

# 5 steps to managing your fleet with didBOX™:

**1.** Install the didBOX on each of your forklift trucks

**2.** Authorise your staff to drive selected trucks

Driver ID	Driver	Authorised categories
4001	David Smith	1 3 4
4002	Andy Jones	1 5
4003	Clive Robertson	2 4
4004	Tim Parsons	1 2 3 4 5
4005	Ahmed Sing	3 5
4006	Alf Riemer	2 3 5
4007	Tony Grigg	1 2 3 4 5
4008	Julien Dupont	3 4 5

**3.** Allocate keyfobs to authorised drivers

**4.** Download data to spreadsheet

**5.** Analyse vehicle usage and make management and training decisions

Vehicle ID	Driver ID	Event log	Date	Time
168	4001	0	30/07/2006	13:31:16
168	4001	1	30/07/2006	13:31:22
168	4005	64	30/07/2006	17:31:22
